

ENTRANCE SECURITY

Please ensure we maintain a safe and secure environment by helping us at the front door. Please **DO NOT** hold the door open for others as it deteriorates our entry security and access control. This practice is called **Piggybacking**, and it should be avoided. We strive to maintain a safe and secure environment for your children and our staff. Please help us stay safe and secure. Please let us know if you have any questions.

LEAVE THE PIGGYBACKING TO THE KIDS
